Thank You

I would like to take this opportunity to thank all members who voted in the recent election.

These elections are healthy for the organisation and the result has provided me with the confidence to continue working for and representing, all members.

Rest assured that I will continue to work for improved salaries, better equipment, safer working conditions, roster improvements which provide a better work life balance, establishment of a dedicated Police Legacy fund and continued improvements regarding treatment and recognition of members mental health.

Regards

Gavin CASHION
Vice President
Police Association of Tasmania
